MESSAGE FROM GMS ARTS SECRETARY

I'm proud to have discovered and nurtured talented individuals in Gandhinagar who excel in various art forms like music, dance, drawing, painting, acting etc. However, I firmly believe that there are many hidden talents waiting to be discovered. I extend a personal invitation to those hidden gems to come forward and utilize GMS platform to showcase and refine their skills. Participating in such platforms is crucial for artists to develop creative, social, and self-confidence skills. I urge all artists, regardless of age, to join us and enrich the cultural heritage of Kerala. Let's celebrate and promote artistic excellence together!
